**“Take Time To Get Out And Vote”
“A VOTE IS A TERRIBLE THING TO WASTE”**

As we prepare for the upcoming Primary Elections:

- **Let us not forget that the Voting Rights Act of 1965 is only 46 years old;**
- **Let us not forget that many of our neighbors and friends, such as Medgar Evers, died and shed their blood so we could have the opportunity to vote;**
- **Let us not forget about the thousands of people who marched and rode buses throughout the south to fight for our right to vote; and**
- **Let us not forget that it is because of all of the hard work of those who went before us, we were able to help elect Barack Obama as the first African-American President of this country.**

You have two opportunities to vote and to elect those individuals who you feel are qualified to hold office. You can vote during the Early Voting process or you can vote on September 14, 2010 in the Primary. Whichever choice you make remember, “A VOTE IS A TERRIBLE THING TO WASTE.”

Republicans Infiltrates Charles County Democratic Party To Weaken 2010 Elections

**TRUE PARTY BLUE
DEMOCRATES DON'T BE
FOOLED!
TO: ALL TRUE DEMOCRATS**

The Democratic Party is under attack. The Republican Party has waged war against the Democratic Party by launching a delusion war. Let's not be fooled by all the names you see appearing in the democrat column by some individuals who filed right at the filing deadline on July 6th and others who filed earlier this year. If you will recall, there was recently a letter submitted to the editor of the local paper suggesting that individuals currently registered as a republican should convert to being registered as a democrat JUST SO they can get folks voted in office to, as they say, "taking back America." These fake individuals must think democrats such as you have the word stupid written across your foreheads. Do they think we are going to fall for this nonsense? They truly live up to the name of their self-proclaimed website the *Delusional Duck*....THEY MUST BE DELUSIONAL!

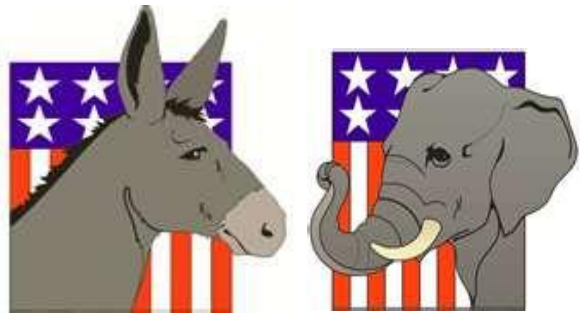

Please, please don't be fooled we strongly urge you to do your homework!! Make sure you educate yourself and know the backgrounds and voting records of ALL you cast your vote for. On September 14th and November 2nd, let them know that we DON'T want to take Charles County back to the days of when a very small few controlled the entire county. -- we simply want to keep addressing issues and formulate solid solutions to keep moving Charles County forward.

**Fall Election
Republican vs. Republican**

Charles County has seen a shift in the Democratic Party. Many Republicans have switched to the Democratic Party as a result of the Charles County 2008 election.

If we allow those Republican-Democrats to win in this year's primary, this fall we will have **Republican vs. Republican** in the general election. Know who you're voting for! All Democrats you must ask yourself, what will you have come November to lead Charles County? **A Republican or a Democratic?**
